To the Voters of Washoe County.

CERTAIN MEMBERS OF OUR LAST
Legislature, who voted to sustain upon
this State the infamous lottery scheme, which
cost the honest taxpayers \$100,000 to defeat,
and which has done more to injure the pro-
perty of Nevada than all the evils which
ever occurred in its history, are now before
the public soliciting their suffrage, among
the number being Mr. D. Foley, one of the
nominees for State Senator for Washoe
county. Who was the strongest advocate of
the lottery bill in the Senate. Understanding
that Mr. Foley denies aiding it, he hereby
submits a copy of the Senate Journal of Janu-
ary 16, 1888.

Senate Bill, No. 12—An Act to provide for
holding a special election, to submit to the
people of the State proposed amendments to
the constitution thereof, and other matters
pertaining thereto. Bill read and passed by
following vote: Yeas—Messrs. Boyle, Comins,
Dunlap, M. D. Foley, Forbes, Gallagher,
Harris, Kaiser, Millett, Nicholls, Odum,
Sawyer, Sharon, Sprague, Torrey, Williams—
16. Nays—Messrs. Emmitt, Hardesty and
La Grange.

Fellow citizens, can such men be trusted to
legislate in the interests of the people. Elect
them, and may not another lottery scheme
or some other jobbery that will line their
pockets at your expense be strong your hour.
It is safe only to vote for reliable men.

A LONDON MURDER.

Some Very Damaging Evidence Found.

A REPORTED NEWSPAPER SALE.

The French President to Visit St. Petersburg.

Governor Pattison After the Pennsylvania Editors.

Some Damaging Testimony.

LONDON, Oct. 27.—It is probable the
police will succeed in clearing away the
mystery surrounding the murder of
Mrs. Hogg, whose body was found
last Friday night in South Hampstead.
Nellie Piercey, whom Mrs. Hogg
visited on Friday, and whose house
revealed the tracks of a desperate
struggle, and who was consequently
arrested, was arraigned in the Police
Court to-day on a preliminary hearing.
The husband of the murdered woman
testified that a liaison existed between
himself and the prisoner, and that he
had a latchkey to her house and fre-
quently visited her. He thought his
wife did not know of his relations with
Mrs. Piercey.

A further examination of the kitchen
at the Piercey residence revealed that
a fierce struggle had taken place there,
and that attempts had been made to
remove the bloodstains on the floor
and about the room by the use of
paraffine.

New Trans-Mountain Road.

CHICAGO, Oct. 27.—The morning
papers say James McLean, President
of the Colorado, Utah & Pacific Rail-
way has arranged with the Manhattan
Trust Company to get financial aid in
building a new road from Denver to
Salt Lake City. The projected road
will run from Denver to Boulder and
cross the divide at Buchanan's Pass,
through Middle Park, thence to
Steamboat Springs and over Goose
Range to Salt Lake. The length of
the road from Denver to Salt Lake
will be 440 miles, which is 286 miles
shorter than the Denver & Rio Grande.
The Colorado, Utah & Pacific claims
to have about \$20,000,000 back of it.
There will be a tunnel 3,000 feet long
on the projected line just before Mid-
dle Park is reached. The tunnel will
go through a high mountain, and will
be an expensive piece of engineering
work.

Reported Newspaper Sale.

CINCINNATI, Oct. 27.—It is announced
upon reliable authority that Murat
Halstead, who owned a controlling
interest in the Commercial Gazette,
has sold to a broker a portion of his
holding. Whether the sale is coupled
with a contract to give the purchasers
control by proxy of his remaining
shares so as to give them unrestricted
control of the paper is not known, but
it is probable that Halstead will re-
main in the East until the names of
the purchasers from the broker are
made known. There is much specu-
lation on that point. General Alger
and J. S. Clarkson have been guessed
by some as the men. The transfer of
the stock and the reorganization, if
any be done, will take place within
thirty days.

Carnot to Visit Russia.

Several Libel Suits.

By Associated Press.
PHILADELPHIA, Oct. 27.—Robert E.
Pattison, Democratic candidate for
Governor of Pennsylvania, this morn-
ing swore out warrants for the arrest
on a charge of criminal libel the pub-
lisher and editor of the Inquirer, the
proprietor of the North American
and the publisher and editor of the
Harrisburg Call. A hearing will be
given this afternoon. The three pa-
pers mentioned were published Sat-
urday morning.

The charges are that Pattison was
bribed by the Vanderbilts to sign what
were known as the South Pennsylvania
bills of 1883. The Governor sought
out and retained ex-Judge Jeremiah
S. Black to write a veto message, and
received it with the understanding that
it was to be sent to the Legislature.
He changed his mind by the next
morning, and without notice to Judge
Black, approved the bills. Judge
Black denounced Governor Pattison
for this alleged deception, and severed
all amicable relations with him.

The article also charged that \$3,000
in stock has been paid to Governor
Pattison and Attorney-General Lewis
S. Cassidy for signing the bill charter-
ing the Pittsburg Natural Gas Cor-
poration.

A HOMEY COMPARISON.

How the Judicial Gown Im-
pressed Abraham Lincoln.
Justice Miller saw President Lincoln
for the last time at the inaugural ball
given in honor of his second election.
The President turned to him with
great cordiality and said: "How are
the Justices and their gowns?" Judge
Miller replied that they were all right
and President Lincoln went on. "Mil-
ler, you were brought up on a farm,
weren't you?" "Yes," replied the
Judge. "Well," said President Lin-
coln, "you must have seen the break-
ing of land and the burning up of tim-
ber in a clearing. You have seen the
heavy bark fall off from a half-decayed
log, while out from under the bark
would come great winged ants, which
would waddle off with the funniest
kind of clumsy dignity. Do you know,
Judge, I never see one of you Justices
with your gowns on but I think of
these ants which you used to see on
the farm in clearing."

Out of Employment.

Official statistics show that 100,000
persons are out of employment in
Lombardy, 60,000 in Piedmont and
50,000 in Romagna and Southern Italy.
The condition of most of these unfor-
tunate borders upon destitution, and
the results of the industrial stagnation
are likely to be very serious.

Perished in a Blizzard.

The 16-year-old daughter of William
Nichols, while returning to the ranch
from Folsom, N. M., was caught in a
blizzard, lost her way, and was frozen
to death. She was found ten miles
from her home. She had managed to
unhitch the horses and turn them
loose before she was exhausted.

Too Wet to Pack.

An official of a New York bank do-
ing a good deal of business with the
cotton section says that the movement
of cotton has stopped temporarily be-
cause cotton is too wet to pack. Mer-
chants in the cotton districts are ask-
ing an extension of time on their notes.

ingmen preparing to emigrate to
America in consequence of the Mc-
Kinley bill, the United States Consuls

widest publicity to the provisions of
the Contract-labor law.

Fatal Shooting Affray In St. Louis.

A MILITARY REPORT SUBMITTED.

The Electrical Execution Law Brought Up To-day.

A Strike of Steam Fitters in Chicago.

A Military Report.

By Associated Press.
WASHINGTON, Oct. 27.—The Sec-
retary of War has received the annual
report of Brigadier-General John Gib-
bon, Commander of the Department
of the Columbia. He reports that the
Indians of the extreme Northwest are
perfectly peaceful, and he thinks they
will remain so indefinitely, unless
goaded to desperation by the constant
encroachment of the whites and their
infestations.

He says in regard to Courts-martial:
"The supposed irregularities in mar-
tial proceedings have recently given
rise to a good deal of comment
throughout the country, and the pro-
position has been made to take from
the Department Commanders the
power to order General Courts and
rest it only in the Division Command-
ers. I am of the opinion this would
be a great mistake, as it would not
be in furtherance of the administration
of justice, and would simply add one
more to the disadvantages presented
division organization."

He recommended, however, certain
improvements in the administration
of military justice as follows: To au-
thorize the Secretary by law to estab-
lish a schedule of punishment for cer-
tain offenses, to which the officers
should conform in their sentences by
requiring a strict compliance with the
law in convening general courts by
establishing a military court of appeal,
whose duty should be similar to the
corresponding civil courts.

General Gibbon reports the troops
in his department in good condition
as regards discipline and drill, and
gives it as his opinion that the various
measures taken to decrease the num-
ber of deserters in the army will re-
sult beneficially.

"No steps," he says, "will produce
better results than a plan to get better
material by enlisting recruits in the
rural districts rather than the crowded
cities."

He reports the canteens in his de-
partment in a satisfactory condition,
and says the system is not only better
than that of a tradeship, but the en-
listed men are beginning to realize
some of its benefits.

Fatal shooting Affray.

By Associated Press.
ST. LOUIS, Oct. 27.—A shooting
affray, which resulted in the killing of
one man and wounding of two others,
occurred on the levee this afternoon.
An old feud existed between John Mc-
Cune, a negro steamboat rooustabout,
and Byron M. Scott, captain of the
watch. As Scott was walking up the
levee he met McCune and two other
negroes. McCune drew a knife and
made a hostile demonstration towards
Scott, when the latter pulled a revolver
and fired four shots in rapid suc-
cession. McCune dropped dead. The
other two men, Abe Thomas and Wal-
ter Stevenson received serious wounds.
Scott, who is also a negro, was placed
under arrest.

Ball Player Killed.

By Associated Press.
CHICAGO (N. Y.), Oct. 27.—Thomas
Lynch, a ball-player, at one time Cap-
tain of the Stars of Syracuse, after-
wards with the Atlanta (Ga.) Club,
and later with the club at Wilming-
ton, Del., was shot through the breast
to-day in a saloon row, and cannot re-
cover. His assailant was not cap-
tured.

A Supreme Court Case.

By Associated Press.
WASHINGTON, Oct. 27.—The first
motion to secure final action from the
Supreme Court of the United States
on the question of the constitutionality
of the New York electrical execu-
tion law was made in the Supreme
Court to-day. It was moved that the
case be advanced and set for a speedy
hearing. The points raised in the
Kempner execution demonstrated that
the killing by electricity is cruel and
unusual punishment, and as such is
prohibited by the constitution of the
United States.

After the counsel made the motion
Chief Justice Fuller asked: "Is
there any distinction between that
case and the case of Kempner?" and
Daniel O'Callahan, the counsel who
made the motion, responded: "Yes,
there is this distinction, that the car-
rying out of the sentence in the
Kempner case was not scientifically
successful, and the petitioner hopes
electricity will be decided to be not
a proper mode."

Chief Justice—"We will take the papers."

Rice against the Southern Pacific, the

The University.

The Lyon County Times contains the following:

From all appearances the State University at Reno is drifting into a political proposition to be used to create positions for more office seekers. If there is anything in the State that should be kept out of politics it is our educational institutions. As it is, there are two nominees now on both the Republican and Democratic tickets for Regents of the State University. We doubt not that all the nominees are excellent men, well fitted to fill the positions to which they are asked to be elected; but why not select a Democrat and a Republican as Regents this year? What should have been done was for each party to make but one selection for Regent at the Conventions, and then have each party endorse the nomination. W. E. F. Deal of Storey county is one of the Democratic nominees for Regent, and we think there is not a man in the whole State any better qualified for the position, and we have no hesitation in saying that we think he should be elected. There is nothing to say against Mr. George, Mr. Deal's opponent, but we think more interest would be taken in the University by the people if there is not a bit of politics about it.

There is more truth than poetry in the above suggestion. The University should be, as suggested by Senator Stewart the other night, lifted completely out of the political cesspool into which it is drifting every day. The GAZETTE favored the appointment of a Democrat at the time Governor Stevenson appointed Tremore Coffin as Regent, and believes it would have been to the better interests of the institution had one been chosen. We do not care to have the usefulness of the institution destroyed by making a party football of it, and kicking it about at the will and whim of every little would-be politician.

W. H. CAUGHLIN, the Republican nominee for Sheriff, should be elected by his full party vote. He has been a resident of the county for a great number of years, and during all that time no man, woman or child can point to a single dishonorable act of Billy Coughlin. He has been a hard worker during all the years spent in our midst and has earned his bread by the sweat of his brow. This is the first time he has ever asked his party for an office, although he has been a party worker in the ranks for years, and now that he has been placed on the ticket he should receive the cordial support of every Republican in the county. He is in every way qualified and fitted for the office and will make one of the best, if not the best Sheriff this county ever had. Mr. Flint, the present Democratic Sheriff, holds the office to-day by Republican votes; he has held the office for four years, and that is long enough for Republicans to honor a Democrat in a Republican county and more especially when the party has a candidate of its own that is in every way better qualified to perform the trust. Billy Coughlin is not now, never has been, nor ever will be connected with any close-corporation ring, but will be a man from the people and make a people's Sheriff in every particular. Vote for Billy Coughlin and you will never regret it.

THERE can be nothing made by turning over the State and County Governments to the Democracy, and much may be lost to the State by such a move just at this time. We want a Government in full sympathy with our condition. We also want a county ticket that can be depended on if we expect to work out the great economic reforms already started. We want a Government that can work in unison with the reclamation projects already inaugurated.

The Republican party have the good work well in hand, and will carry it to a successful issue if given the opportunity of doing so. Let Washoe lay aside any personal feeling she may have in the matter for the common good of all and vote the Republican ticket. Give the party of progress a chance to carry out the plans they have laid, and we will see better times in the years to come.

CHARLEY LEEPER is a young man of ability, and will make a sterling member of the Assembly.

To a genuine American citizen there is nothing so contemptible and nauseating as the fawning sycophant who never loses an opportunity to show his master how servile he can be. This campaign seems to be developing several specimens of the above.

THE people know Hon. William Thompson, and as he has proved himself one of the best friends the county ever had, it is safe to predict his election by an overwhelming majority.

VOTERS can find interesting reading on pages 50 and 51 of Thompson & West's "History of Nevada," published in 1881.

LINCOLN AND GRANT.

A Couple of Fresh Stories About the Great War Heroes.

Ex-Governor Ashley, of Montana, lately told a New York Tribune reporter some interesting stories of President Lincoln's kind-heartedness. "I consider President Lincoln," he said, "one of the most remarkable men who ever lived, as his kindness of heart was shown to all men at all times. I remember once when Carl Schurz, who was with the army, had sent a letter to the President without consulting his commanding officer. Of course, this was a breach of discipline not to be countenanced, and he subsequently wrote a letter of apology to Mr. Lincoln. The President replied by letter: 'Never mind; come and see me.' Of course, when Schurz went, he began to apologize profusely, but the President, seeing how ill at ease he was, smiled and said in a kindly tone: 'Never mind, Schurz. I guess before we get through talking you won't think I am so bad a man as some people say I am.' That kindness broke Schurz all up."

"Another time I saw him give a pardon for a soldier sentenced to be shot, on the supposition of the poor fellow's wife and daughters. Of course there was a most pathetic scene, and many of the bystanders cried. After signing the pardon the President said: 'Well, I have made one family happy, but I don't know about the discipline of the army.'"

Mr. Ashley also told some good stories about General Grant, of whom he was a loyal and ardent admirer. Among some he related was one of a circumstance on the evening of the first day's battle of Shiloh, which had been a defeat.

"At that time," he said, "when any man might have felt disturbed, the quartermaster came to General Grant and told him that if he was again defeated on the next day he could not transport the troops (about 65,000 in number), if it was necessary to cross the river."

"Grant asked him: 'How many can you handle?'"

"Ten thousand," replied the Quartermaster.

"Well," said General Grant, quietly, "if we are defeated, you will be able to carry all that are left."

"So you see," said Mr. Ashley, "what determination Grant had. He simply determined to win or be annihilated."

HE WAS DISAPPOINTED.

How a Colored Man Was Ruined by an Insurance Company.

Shortly after a fire in a town "down South," says the New York Ledger, a colored man called on an insurance agent and said:

"Wants my money, Cap'n."

"I don't owe you any money."

"Ain't yessé? de 'sho'nce agent?"

"Yes, I am an insurance agent."

"Den yer owes me money, fur my sto' burned up durin' de late fire, sah."

"You were not insured in my company."

"Golly, you say I wa'n't?"

"Come, get out of here."

Scrofula

In Its Worst Form—"White Swelling" Cured.

The remarkable effect of Hood's Sarsaparilla in the following case illustrates the power of this medicine over all blood diseases:

"My son, 7 years old, had a white swelling come on his right leg below the knee, which contracted the muscles so that his leg was drawn up at right angles. Physicians lanced the swelling, which discharged freely, but did not help him materially. I considered him

A Confirmed Cripple.

I was about to take him to Cincinnati for an operation, expecting his leg would have to be taken off, and began giving him Hood's Sarsaparilla in order to get up his strength. The medicine woke up his appetite, and soon places of bone were discharged from the sore. We continued with Hood's Sarsaparilla, as it seemed to be doing him so much good, and the discharge from the sore decreased, the swelling went down, the leg straightened out, and in a few months he had perfect use of his leg. He is now apparently as well as ever." JOHN L. MCMURRAY, Notary Public, Ravenswood, W. Va.

THE DEMOCRATIC PLATFORM.

Recognizing the true worth and straightforward manner in which the Democratic State Convention, held in Reno, September 12, 1890, presented to the people its platform, and the completeness of its scope, we reassert the principles therein contained, and endorse it as a part of the platform of this Convention.

We lay special stress upon the doctrine of the election of honest and capable citizens of the State and county to office; of securing a free and intelligent choice of the ballot; of restraining corporate abuses and usurpations; of adjusting and equalizing taxation, and of protecting the fair and honorable name of Washoe county.

We utterly repudiate the idea that to be successful in sustaining our principles we should bow down and worship the golden calf.

In particular we endorse the Democratic State platform in denouncing the present ill-advised and impracticable law passed by a Republican Legislature, requiring the use of waste water for irrigation, and for setting the priority of right thereto, and demand the repeal thereof.

We pledge the nominees of this Convention to the economical and honest administration of the offices of both State and county.

It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping cough, croup, and etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.

Trial bottles free at Wm. Fininger's Drugist.

What They are Good For.

Brandreth's Pills are the best medicine known.

First—They are purely vegetable, in fact a medicated food.

Second—The same dose always produces the same effect—other purgatives require increased doses and finally cease acting.

Third—They purify the blood.

Fourth—They invigorate the digestion and cleanse the stomach and bowels.

Fifth—They stimulate the liver and carry off vitiated bile and other depraved secretions.

The first two or three doses tell the story. The skin becomes clear, the eyes bright, the mind active, digestion restored, costiveness is cured, and animal vigor is recruited and all decay arrested.

Brandreth's Pills are sold in every drug and medicine store, either plain or sugar coated.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklin's Kidney and Electric Bitters, and have never had a remedy that sold so well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merit. Wm. Fininger druggist.

The question has been asked, "In what respect are St. Patrick's Pills better than any other?" Try them. You will find that they produce a pleasant cathartic effect, are more certain in their action, and that they not only physic but cleanse the whole system and regulate the liver and bowels. For sale at 25 cents per box by Shoemaker & Co.

THE BOYCOTT.

The Sacramento "Bee" Commences Host Against the Typographical Union to Protect Itself and Its Advertisers.

The Typographical Union have instituted a boycott against the Sacramento Bee and the Bee has commenced action against them, asked for and been granted by the Court a restraining order until the case can be tried. The Bee publishes the following history of the case:

"The Bee, to protect its advertisers and itself, yesterday applied, through its attorney, Judge S. C. Denson, for a restraining order to compel the boycotters to cease threatening and in intimidating patrons of the paper, in their desire to injure the Bee's business. The boycotters have systematically sent around committees to the various advertisers, demanding that they sign an agreement to withdraw their patronage from this paper unless its managers would concede all the demands of the striking printers. The advertisers were told that if they declined to sign, their own business would be boycotted and ruined."

Under this pressure two of the Bee's many advertisers yielded, unaware that they were making themselves party to a conspiracy to injure an established business, for which they could be held liable. To protect others from falling into the same trap, as well as to secure its own rights under the law, the suit was commenced. Judge Van Fleet, in the absence of Judge Armstrong, issued a temporary restraining order as asked for, after spending a large portion of the afternoon in looking over the authorities cited, and set the hearing of the case for October 27th.

The petition and the order are given below. Summonses were being served to-day on the defendants in the action.

The Bee in this matter has taken a course of arbitration, to which the Union, if it be honest, must assent. The Union declares that the boycott is a proper and legal method of enforcing its demands. The Bee contends that the boycott is opposed to all the sacred rights of American citizenship, without the pale of the law and a menace to any community in which it finds indorsement. The Bee has resorted to neither abuse nor misrepresentation, but seeks the justice of the Courts to decide as to who is right.

The community, as well as the Bee, will be governed by the law, whatever it may be; and the Union, doubtless, will not consider itself above the law. Until the question has been decided, any overt act on the part of the boycotters, in opposition to the order of the Court, should only prejudice their own case, and would, of course, be punished as in violation of the restraining order and a contempt of Court.

MEAN BOYS.

If They Don't Mend Their Ways They Will end in Penitentiary.

Saturday while two or three tired Indian squaws were crossing the railroad at Sierra street, with their ponies heavily laden with pine nuts, several rude and unruly little urchins happened along, and, unknown to the old squaw, whipped out a knife and cut a long slit in one of the sacks, letting the nuts fall to the ground, which they proceeded to gather from the street in great glee, little thinking, and caring less of the many weary hours the faithful old woman had put in picking her winter's supply of food. The boys no doubt thought it a smart trick and did not dream that they were committing a crime not much less than going out on the highway and stopping a stage. The GAZETTE has the names of the little thieves, but out of consideration for their parents will not give them publicity.

Increased Population.

The Lyon County Times says: The number of registered voters in Dayton precinct this year is larger than it has been for the past sixteen years, there being 236 names on the list. Mason valley shows more of an increase over two years ago than does Dayton, and has 242 registered voters this year. Silver City has 135 on the list; Smith valley, 56; Mooned House, 43; Sutor, 42; Wabaska, 27; Churchill, 11. This makes a total of 793 registered voters in the county, or a gain of nearly 100 over two years ago.

Repair the Defect.

The "ground" wire on one of the Electric Light Company's poles in front of Abrahams Bros. is naked. The insulation has worn off, leaving the wire exposed. A FATAL DRUNKEN BRAWL.

An Old Citizen of Winnemucca Shot and Killed.

The Silver State of the 25th inst. says: About 8 o'clock this morning A. H. Ruse was shot and killed by R. W. Lewis at Timmons' saloon on Bridge street. They had trouble heretofore, and last Sunday Mr. Ruse, who was a powerful man physically, knocked Lewis down. J. H. Job, who was with Mr. Lewis a few minutes before the shooting, says he acted as if he had been drinking heavily.

In the saloon, it is said, he and Ruse had some words, but were making up and were at the bar when the fatal shot was fired.

Mr. Lewis, who for years was one of the steadiest of citizens, and accumulated considerable property, has of late been drinking heavily and acting strangely. Last summer his friends considered the question of sending him to the Insane Asylum, it was deemed best to have him go to San Francisco for awhile. He has a wife and family, for whom the greatest sympathy is expressed.

Mr. Ruse was a hard-working man, but, like his slayer, addicted to strong drink at times. Though 67 years of age, he was a powerful man physically and quiet and inoffensive when not under the influence of liquor. He has several children and grandchildren on this coast. An inquest is being held on his body by Coroner Walker.

Mr. Lewis went to the Courthouse immediately after the tragedy and surrendered himself to Deputy Sheriff Nofsinger, who locked him up to await the result of the inquest.

This is the fourth homicide that has been committed at the saloon, Charley Cox, James Randall, James Hubler and A. H. Ruse being the victims.

A DEMOCRATIC DENIAL.

A Letter From Will U. Mackey Which Explains Itself.

The GAZETTE is in receipt of the following letter from Will U. Mackey, the Democratic nominee for State Printer, which we cheerfully give publicity:

CARSON, October 26, 1890.

EDITOR GAZETTE: Since you copy Sam Davis' infamous article of the 23d, you should do me the justice of copying my card in the Appeal of the 23d instant. I substantially said that I denied his scurrilous charge; that I came to Nevada in 1866, when I was but four years old, and the many friends I had made since could bear witness to my loyalty. I also called attention to the fact that I am now serving my second term as Captain of the Carson Guard, and had taken the official oath required. The Appeal article has done me no harm where I am well known, but when copied by outside papers is calculated to do me much in justice. I should not have written you before, but have been sick in bed since Friday afternoon. I remain yours, respectfully,

WILL U. MACKAY.

The Way Made Clear.

One of the most serious obstacles to success in the way of man is planted right in the middle of the road of health. How to restore and maintain a regular habit of body and digestion is often a source of needless and unhappy, of vain inquiry. It is necessary to invade against this insidious enemy, the cause of disease, and to know the consequences. A remedy which unites the action of a regulating medicine for the bowels, the liver and the stomach, is Hostetter's Stomach Bitters, sanctioned by the best medical authority, and receiving daily the indorsements of our countrymen. With this official, bonge gentle, laxative at hand it is possible to defy those changes of temperature productive of constipation, as well as constitutional attacks of biliousness, which beset people naturally healthy. Malaria, dyspepsia, rheumatism and other troubles are remedied and prevented by the Bitters.

Improved digestion and assimilation produce disorder of the system which grows and are confirmed by neglect. Dr. J. H. McLean's Strengthening Cordial and Blood Purifier, by its tonic properties, cures indigestion and gives tone to the stomach. \$1 to a bottle.
